

Trocadero Publishing

Australian Authors - Australian Sources and Data - Australian Perspectives

Buy on a See-Safe basis - One Book or Many - Post Free

Not up to scratch? - Free Reply Paid Post Returns

We published these books to address a lack of Australian views and coverage in the junior secondary curriculum. The books are written in a magazine format - blocks of supporting text, profiles, maps, and images and photos from Australian archives.

The relevant books are also popular in bookshops & tourist outlets - the Australian War Museum, Federal Parliament Bookshop, Melbourne Immigration Museum - for example.

Please call if you have any questions - you can order from your usual book supplier, or:
