We published these books to address a lack of Australian views and coverage in the junior secondary curriculum. The books are written in a magazine format - blocks of supporting text, profiles, maps, and images and photos from Australian archives.

The relevant books are also popular in bookshops & tourist outlets - the Australian War Museum, Federal Parliament Bookshop, Melbourne Immigration Museum - for example.

Trocadero E-Books

E-book versions of all the titles are available - \$29.95 arrp each

They are plain pdf versions, burnt to a CD, and supplied in a DVD case.

We add the school name to the bibliographic page, so it is owned by the school.

No other license is required - as a pdf the ebook can be loaded to networks, copied to multiple devices, or loaned as single item. The entire book is print locked, but the text itself, and images, can be cut and pasted into assignments.
